

Electronic and General Purpose Cleaning Technical Data Sheet

ECSP Electronic Cleaning Solvent Plus

ECSP is an extremely fast-drying solvent specially formulated for the quick and efficient cleaning of electrical equipment. A version is available with integral brush for removing stubborn deposits.

- Non-halogenated cleaning solvent; will not attack the ozone layer
- Extremely fast evaporation rate; quick and efficient cleaning and degreasing
- Dries without leaving any residue; leaves a clean, dry surface in one cleaning step
- CO propelled aerosol version available; 20% more active cleaner and can be used at 360 orientation

Approvals	RoHS-2 Compliant (2011/65/EU):		Yes

Directions for Use

Suitable for a range of electrical contacts and components in electronic and video equipment, computers, optical and precision instruments, cameras, etc. Product contains flammable solvent so do not spray onto live electrical equipment or other sources of ignition. Immerse surface to be cleaned or spray onto surface to excess and allow to evaporate. A brush or foam tipped bud may be used to remove any stubborn deposits.
